Dreams Come True With

Stark Hardy Dwarf Apple Trees Are Grown by New U. S. Patent Process. Trees are Sold ONLY by Stark Bro's.

Giant-Size Fruit QUICKER from Trees No Bigger than a Dining Table. You Can Plant 5 Times as Many Stark Hardy Dwarfs as Standard-Size Trees in Same Space. Trees Sold ONLY by Stark Bro's.

Dreams of millions of town and city families are now coming true when they plant Stark Hardy Dwarf Apple and Pear Trees.

They are picking Giant-Size, Deliciously Flavored, Vitamin-Filled Apples and Pears from their own trees — even if their yards are tiny ones that go with 30 or 50 ft. city lots.

Trees are so small, you don't even need a ladder to pick the fruit and care for trees. Yet strong and sturdy enough to give you bushels of Big, Juicy Apples or Luscious Pears all Summer, Fall and for Winter use if you plant several Dwarf Trees ripening in succession.

It's amazing, yet Apples and Pears grown on Stark Hardy Dwarfs are Giant-Size—as Large or Larger than the same variety grown on Standard-Size Trees.

Apples and Pears are just as deliciously flavored as they are when grown on Standard-size trees—just as beautifully colored and as fine in every way.

"Stark Hardy Dwarfs in my father's back yard are surely amazing," says Harry Guengerich. "When only 2 years old, they had a nice crop. This year (3rd year) they are simply loaded."

These Amazing Stark Hardy Dwarfs are so small they will fit in a dozen places around the yard—One on either side of the doorway—Wherever you need a Tall-Growing Shrub — At corner of house — In Patio — In Shrub or Flower Border — Trained on Wall, house or garage, etc.—As a "Vest Pocket Orchard" set 8 to 10 feet apart.

STARK GOLDEN DELICIOUS

A Lucky Mountaineer Discovered Gold in a Tree!

—a discovery that is producing more wealth for Americans than ever came out of a gold mine.

Americans than ever
"I followed a 1,102-mile trail
by bus, horseback and on foot,"
said Paul Stark, "to pay a moun-
tain orchardist \$5,000.00 for the
mother tree of Stark Golden Deli-

"One April day some years ago, three wonderful yellow apples reached us from a West Virginia mountaineer-orchardist who wrote that they were a new, heretofore unknown variety. When my brother, Lloyd C. Stark, bit into the one of the golden apples, the flavors smuged him. They were like Grimes Golden—very like, but shaped like Stark Delicious! They tasted like Stark Delicious!"

"Our experts were summoned. The commotion that resulted was tremendous. That Fall I saw the golden apples on the Trail of the Golden Apple on the farm of Mr. A. H. Mullins, on whose place the golden apple had grown. I saw an orchardist

"Back of the house I saw an orchard. But—all the trees I could see were nothing but wild seedlings—miserable runts. Dejected and sick at heart, I turned around to leave—when I SAW IT!

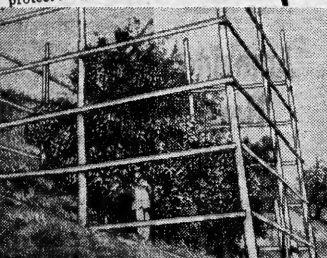

"There, looming forth in the midst of small leafless, barren trees, was one tree with rich green foliage that looked as if it had been transported from the Garden of Eden.

"That tree's boughs were bending to the ground beneath a tremendous crop of great, glorious, glowing apples!

"I started for it on the run. A fear bothered me. 'Suppose it's just a Grimes Golden like the apples came closer and I picked one that were 50¢ a golden. I picked one, a Grimes Golden, it was crisp, tender, juicy, but no flesh. Eureka!—I had found it! The long yellow apple had been discovered —The Golden of the Golden Apple —I had reached a successful conclusion."

"Before I left I made arrangements to pay Mr. M. \$5,000.00 for all rights to this original Stark Golden Delicious Apple Tree and to make a burglar-proof cage to protect it against theft of its buds."

STARKING HARDY GIANT SWEET CHERRY

(New U. S. Patent)

Here at last is the giant, hardy, crack-resistant Sweet Cherry that is a worthy hardy team-mate for Stark Gold. Never before have we had two top sweet cherries so hardy they winter through 30° below zero weather safe and sound. And they help each other because they cross-pollinize — work together to give you big crops of the most delicious red and gold sweet cherries you ever tasted.

Starking Hardy trees bear immense clusters of huge, beautiful, luscious cherries—gorgeous dark red, almost purple. The flavor is so full and rich, the flesh "bites" so crisp and firm, you can't get enough of this superb eating! Ripens to tremendous size in mid-cherry season—only 2 to 3 weeks after strawberry time. Produced astonishingly heavy crops even where sweet cherries have never borne before. The champion Red Sweet Cherry for Eating, Cooking, Canning, Market, NNCS.

\$52 Crop From Single 7-Year Stark Golden Delicious

Recently Carl Kirm, of Calhoun Co., Ill., sold over \$4,000.00 worth of fruit from just 9½ acres—all Stark Trees, planted on hilly land—land too steep for ordinary farm crops.

His greatest profits came from Stark Golden Delicious, Starking and Young-Bearing Jonathan Apple Trees. Some Stark Golden Delicious trees bore 20 Apples at 2 years old—a good crop at 3 and 4 years, and every year since. He says that his 7-year-old Stark Golden Delicious Trees bore 15 bushels and cashed him \$52.00 per tree, and he sold his entire crop of Stark Golden Delicious and Starking Delicious for \$3.50 a bushel while still on the trees.

"Unbelievers Came for Miles to See Stark Trees Bearing at 2 Years"

"I would rather give you FIFTY DOLLARS for one of your trees than ten cents for a tree of any other company, and I bought from most of them."

Burbank July Elberta bore 2 bushels of peaches the second year.

"Stark Golden Delicious Apple bore the second year—the only apples around here. Also had cherries on Stark Gold Tree the second year."

"People wouldn't believe me when I told them. So they came for miles around to see for themselves."—Alfred P. Langlais, Massachusetts.

Even Newspaper Reporter is "Stumped" to Describe Its Glorious Flavor

(From Baltimore Sun)

Attending a Horticultural Show our reporter was handed a huge, gold colored Apple and told "Here, try one of these."

This apple was clearly something special, and our correspondent, whose respect for anything edible is terrific, approached it with care.

First, he examined it—turning it this way and that to admire its opulent form, its delicate coloring.

Then, he smelled it—inhaling its rich fragrance with pleasurable anticipation.

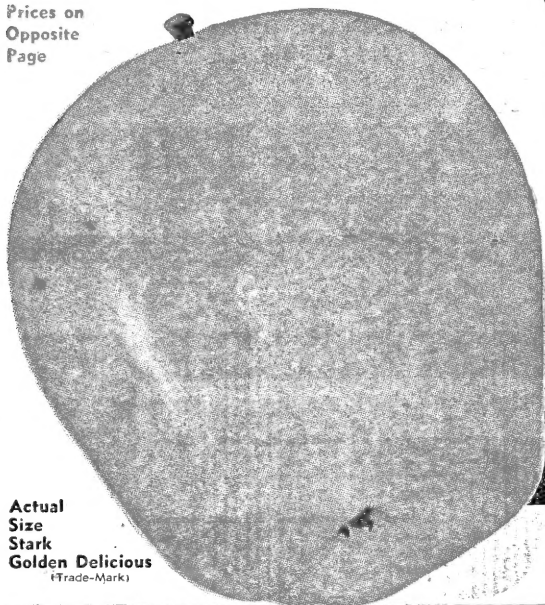

Then, reverently, he sank his teeth into it. This apple, as he tells us, was a far cry from the ordinary apple of the market. It had a firm and agreeable texture, crisp but yet touched with a faint trace of sprightly, and spicy acidity. He says there is no English word to describe such glorious flavor, but the French would say it had "un gout relevé."

"That is a Stark Golden Delicious," he was told when he had eaten this delight-giving apple—famous for its flavor and for its fast-bearing.

SCARLET STAYMARED

Trade-Mark

The Supreme Stayman Winesap! Bears Quicker. Flaming Red All Over Weeks Sooner! Stays Crisp and Juicy All Winter

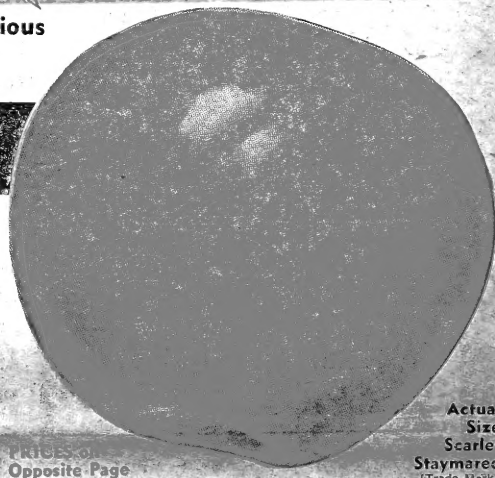

Stark Bro's paid nearly \$1,000.00 a foot for the original limb and tree of this most valuable of all the great Stayman Winesap Family! A glossy, fiery, all-over-red, with spicy, juicy, crisp flesh of "sweet but tartish" flavor. Scarlet Staymared makes handsome eating right off the tree. Champion cooks prize it for mouth-watering pies; for cobbler, dumplings just oozing with juice; for tangy apple butter and crystal-clear jelly. And for sparkling, zingy cider, it beats all other Staymans ever known. A brilliant red 30 days ahead of ripening time. One of the biggest of all apples.

So distinctive in its flashing red color and giant size, it was awarded a U. S. Patent. Bears young, with enormous crops. For Eating, Cooking, Cider, Market, NCS.

"Weighed 22 Ounces"
"We had Scarlet Staymareds that weighed 22 ounces each."—Frank Tracey, Ohio.

"And How It Bears"
"Some of our 6-year Scarlet Staymared trees bore 14 to 16 bushels each."—Rising Springs Orchard, Ill.

Supreme—New Super Jonathan—Colors Sooner, and Keeps Longer and Bears Quicker Than Jonathan

The big, new apple that IMPROVES on all of Jonathan's famous good points—and does away with the old Jonathan weak points! Jonared (for which the original tree cost us \$2,000.00) is the ONLY red Jonathan sport to win a U. S. Patent! Turns bright, all-over-red color about 2 weeks sooner—ready to pick while still solid, before there's risk of loss through dropping. Fine pollenizer.

Jonared has all the wonderful, prized Jonathan flavor; it's big and almost TWICE as red—a bright, solid blazing red without one sign of stripe! One of the most beautiful of all red apples, Jonared's rich, spicy, tangy flavor makes it a delicious and handsome fruit for your Home Orchard and a premium-price profit builder in every section. In great demand for Eating, Cooking, Cider, Market. Trees thrive in North, Central, South.

"\$10.00 Worth Per Tree From 4-Year-Olds"
"I wish you could have seen my 4-year-old Jonared trees this year. They bore nearly \$10.00 worth per tree."—John Crutenden, Illinois.

"Jonareds Sold For Twice the Price"
"Jonared made a good crop of fine colored all-over-red apples that sold for twice the price of regular Jonathans."—John Widner, Mo.

America's Most Valuable, Most Deliciously Flavored Red Apple

Here is the **FINEST** red apple in the whole wide world! — the shining, solid-ruby-red giant that glows on the counters of the highest-price luxury stores in America and floods the air with its wine-like perfume. Here is the **MASTER** apple that puts the crowning glory on the nation's most expensive baskets of fruit—the "dream" eating apple prized above all others in deluxe clubs, fine hotels and restaurants throughout the land. The apple which has **NEVER** been equalled for magnificent color, mammoth size, crackle-crisp flesh, deeply exciting sugar-n-spice flavor as tantalizing as the fragrance of an old-fashioned garden!

And this is the apple, the matchless **STARKING DELICIOUS**, that **YOU** can grow right in your own back yard!

For commercial growing, Starking Delicious is the world's most popular, and most profitable red apple. In the past 25 years this one variety has built some of the greatest fruit fortunes in America. Because it turns full-red before it ripens, it can be picked crisp, for late keeping—becomes "money-in-the-bank" for you weeks sooner—keeps perfectly right through the Winter months. All ready to cash in on fancy Spring prices long after ordinary apples have disappeared from the market. The world's finest red eating apple. Tops in all quality markets. America's best red money-maker, producing big money crops everywhere—**North, Central, South.**

"THEY PUT ME ON EASY STREET"

(Photo at left)

"When I planted 250 Starking Delicious Apple trees I was heavily in debt on a small farm, but in a short time these trees began to bear and in no time at all they put me on 'easy street'—making me \$3,000.00 to \$6,000.00 per year. Not a bad income for an old man, 80 years old. When I say apples, I consider Starking Delicious the finest in the world."—J. E. Parish, Calif.

"BORE 4 TIMES WHAT I EXPECTED"

"Last year I harvested a big crop of Starking Delicious Apples. I was never so gratified in the quantity produced, the excellent color and size of the fruit and also in the price—\$3.70 a bushel right at the orchard.

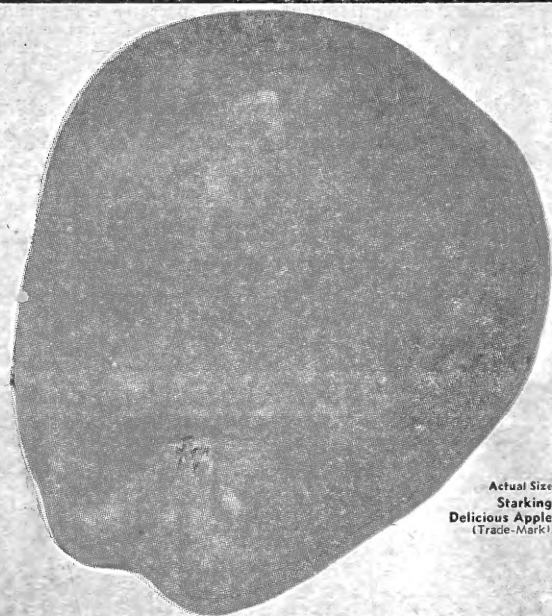

"When I first started to pick these Starking Delicious I thought I would have about a carload—500 bushels—but I picked four cars of them, totaling 2,000 bushels.

"When the buyer had his last bushel loaded on the truck he patted me on

the back and said 'I sure got a bargain in those apples—you should have got \$4.00 for every bushel of them—because every bushel of them is Extra Fancy'."—Paul Ringhausen, Calhoun County, Illinois.

"SAVED US DURING DEPRESSION"

"I have 165 trees of Starking Delicious purchased from you which really saved the day for us during depression years. This small block (2½ acres) grossed me \$17,350.00 the last 6 years."—A. Miller, Ore.

"Got \$5.00 a Bushel for My Apples — \$2,229.80 from 2 Acres of Stark Trees"

Walter H. Atherton of N. M. told us that he sold a \$2,229.80 crop from his 2 acres of Stark Apple Trees this year. He said his local stores paid him \$5.00 a bushel for his No. 1's and that each tree bore over \$30.00 worth of fruit.

10 BU. FROM 7-YEAR TREE

"About 7 years ago I planted 2 Starking Delicious and 2 Stark Golden Delicious trees. They bore the 4th year and this year my best Golden Delicious had 10 bushels. My Starking Delicious were not quite so prolific, but I had plenty that measured 12" in circumference.

"Mississippi may not be an apple state, but if anyone will plant Stark trees and care for them, they will never be disappointed."—Douglas D. Weeks, Miss.

"WINS SWEEPSTAKES"

"Starking Delicious won Sweepstakes at Canadian Royal Winter Fair and in addition won First, Second, Third Prizes." Canadian Horticulture Magazine

50% HIGHER PRICE

"My Starking Delicious trees which started bearing when they were 3 years are loaded again.

"One of these trees bore 11½ bushels. Starking Delicious is a keeper and the tree is surely a young and heavy annual bearer. Apples bring me 50% more than Delicious."—F. M. Simon, Ohio.

\$1,020.18 Worth of Apples From \$2.50 Stark Tree

"In 1921 my father and mother sent you their picture standing beside a 3-year-old Stark Golden Delicious apple tree bearing 1½ bushels of big golden apples.

"Here is a picture of me standing beside that same tree in 1948 from which my son has just picked over 19 bushels of big, juicy apples. We estimate that we have harvested about \$1,020.18 worth of Apples from this one tree that cost my father only \$2.50. I might add that we were very conservative in making this estimate." A. STARK REDGOLD

U. S. Patent

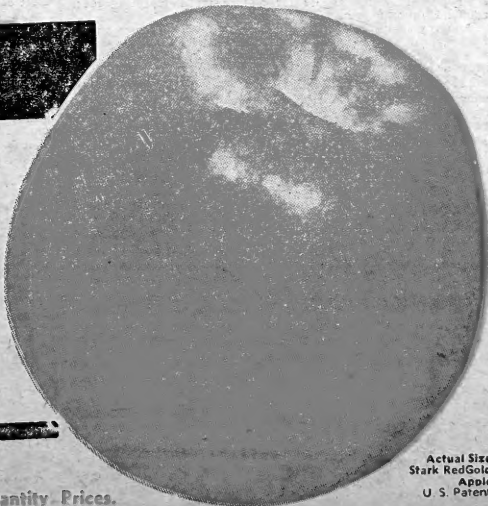

NEW—U. S. Patent Apple—Red Hybrid of Stark Golden Delicious—Rivals Its Parent in Flavor and Young Bearing. We Paid World's Highest Price of \$7,500.00 for This Amazing Apple!

Weeks ahead of Delicious, and before Jonathan reaches prime eating condition, you can smack your lips over the pure deliciousness of Stark **REDGOLD**! This new apple sensation blends the rich Starking flavor and spicy tang of Stark Golden Delicious. And its trim shape, flashing solid scarlet color, make it so beautiful you'll be proud to say it grows on your property!

When other apples are still too tart or starchy to eat, RedGold—the first high-quality winter dessert apple to develop full

flavor—will be ready for you to pick. Bears amazingly young. Just 13 months after first test graft was set in our Test Orchards, RedGold bore its first fruit. Late spring bloomer, sure bearer.

Stark Bro's gladly paid the famous originator, Mr. F. A. Schell, \$7,500.00—a World's Record Apple Price—for sole ownership of this sensational variety. You'll see why when you raise RedGold for Early Eating, Roadside and Holiday Markets! **NNCS.**

Famous Wilder Medal, Most Coveted Award of Fruit World, Won by Stark Golden Delicious and Starking Delicious

—Top Award of Fruit World

What the Supreme Court is to the United States Law, the American Pomological Society is to fruit and horticulture—the final, highest authority. This Society has occupied this eminent position for 105 years.

This great body of scientists and horticulturists gave to Stark Golden Delicious and to Starking Delicious the highest tribute ever granted an apple, Stark Golden Delicious is the only yellow apple in all the world to receive this great tribute.

STARK RESEARCH

Started in 1816—Continuing to this Day—Brings You Fruits of Fabulous Size, Beauty and Flavor. Hardier, Healthier Trees and Plants that Bloom and Bear Younger and Heavier.

• Variety Improvement, Stark Testing and Improvement Program has produced the "Finest Fruits of Our Times"—the King and Queen of Appledom, Starking Delicious and Stark Golden Delicious—the Great Burbank July Elberta Peach, the finest peach in any season, and now the Honeydew Hale that promises to raise White-Fleshed Peaches from apparent oblivion to a new peak of popularity. These and many other Famous Exclusive Stark Varieties have come from the Stark-Burbank Orchards.

• Before a New Variety is offered to Stark customers it is thoroughly tested in Stark-Burbank Test Orchards in Missouri, Illinois, Arkansas, Oklahoma, and by co-operating Experiment Stations and Leading Growers throughout America.

• Stark Research Develops New and Improved Methods of growing trees and plants. A recent improved method of

controlled size Dwarf Fruit Trees has been awarded a Patent by the U. S. Patent Office.

• Stark Research is Pioneering and Co-operating closely with Federal and State Horticulturists in the selection and propagation of CERTIFIED Strains of Fruits—disease-free stock for more productive and profitable orchards.

• A COMBINATION Ready-Mixed Spray which makes it easy for anybody to control practically all insects and diseases and grow top quality fruit has been developed by Stark Research.

• Horticulturists and Hybridizers in Europe, Africa and the Orient co-operate with Stark Bro's on an exchange of new and better varieties of the entire world.

• Power Machinery Designed Especially for Nursery Stock cultivation, spraying, digging, etc. has been developed. Stark Patented Tree Digger goes down deep and gets all the roots.

• Special Service Department solely for the benefit of Stark customers is maintained by Stark Research to help them grow bigger and better fruits, flowers, roses.

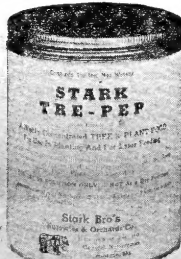

STARK TRE-PEP STARTER

(Trade-Mark)

FERTILIZER

(FOR USE WHEN TREES ARE PLANTED)

Gives Quick, Vigorous Start to Your Young Trees and Plants. Fine for Trees, Shrubs, Roses, Berries, Vegetables, House Plants, etc.

Just add one tablespoonful of this Concentrated Plant Food to one gallon of water and pour into hole on dirt as you plant Fruit Trees, Shrubs, Roses, etc. It will start quick growth and stimulate Young Bearing.

Stark TRE-PEP is also wonderful for Vegetables and House Plants. You will be amazed at the quick response of your Plants in larger, more profuse blooms. Just pour around plants on top of ground or mulch.

1 1/2-lb. Package of Stark Tre-Pep makes 37 Gallons of Liquid Fertilizer.

1 1/2 lb. Package.....	\$1.75

Stark Borer Spray kills Tree Borers.

3 1/2 lb. \$1.55, enough for 10 large trees

HOW TO SELECT VARIETIES FOR BEST CROSS-POLLINATION AND HEAVIER BEARING

Many fruit varieties need some other variety growing nearby so that the blossoms may be cross-pollinated, otherwise they will not set as heavily as they should. Check each kind of fruit carefully below and be sure you have ordered enough different varieties of each kind of fruit to insure heaviest production in your orchard.

APPLES. Be sure you have at least 2 or 3 different varieties of apples in the same orchard or in your neighborhood. **PEACHES.** Most peach varieties are self fruitful and will bear by themselves; however, to assure larger crops it is usually safer to plant at least 2 other varieties. **PEARS.** Be sure to include at least 2 pear varieties. **CHERRIES.** Sour cherries or pie cherries are self-fruitful but be sure you include at least 2 varieties of sweet cherries, one of which should be strong pollinizer like Black Tartarian Improved or Stark Gold. **PLUMS.** Use several varieties of plums if possible, at least 2 different varieties. **APRICOTS.** All our apricots are self-fruitful. **GRAPES.** Plant 2 or more varieties of grapes.

STARK ORCHARD FERTILIZER

(FOR USE ON ESTABLISHED TREES)

Spectacular Tree Growth, Increases Crops Up to Double in Yield, Improves Size and Quality of Fruit.

Here is a New Concentrated Fertilizer especially made for bearing trees. It is high in Nitrate—Powerful. A little goes a long way. Only 1/2-lb. to each inch of diameter of trunk of tree. You can actually see the trees take on new luster. Foliage becomes a richer green in color and growth is greatly increased. **MORE FRUIT—LARGER FRUIT—HIGHER QUALITY FRUIT** result when you feed your bearing trees Stark ORCHARD Fertilizer. **FOR BEST RESULTS,** scatter on ground under the trees just before growth starts in Spring. Or for immediate results on Apple Trees, dissolve in water and spray on foliage.

Quicker Tree Growth—Bigger Fruit—More Fruit Sooner When You Use Stark ORCHARD Fertilizer.

IT'S FUN! IT'S EASY TO SPRAY WHEN YOU USE

STARK'S NEW COMBINATION SPRAY

JUST ADD WATER—THAT'S ALL

IT'S EFFICIENT... IT'S SAFE... IT'S EASY TO USE

Full Directions on Package. 1 lb. will spray 25 1-year trees; 12 3-year trees; 6 5-year trees for the entire season (5 applications) when applied with a hand sprayer.

All the ingredients needed for complete protection are already mixed in Stark COMBINATION Spray—just add water.

PROTECTS ALL KINDS OF FRUITS AND TREES

Stark COMBINATION Spray protects both the tree and fruit from insects and diseases—Apples, Peaches, Cherries, Plums, Pears, Grapes. Also excellent for Flowering Shrubs, Shade Trees, Roses and other Ornamentals.

LARGER FRUIT—BIGGER CROPS

Bigger crops of large size, clean, sugar-sweet, tree-ripe fruit from your own trees can now be yours when you protect your trees and fruit with Stark COMBINATION Spray, which combines 4 highly effective and safe chemicals in one Easy-to-Use Spray. No longer do you have to carry a Drug Store in your basement. No longer do you have to measure out a teaspoonful of this and an ounce of that—it's already mixed for you in Stark COMBINATION Spray.

COSTS SO LITTLE

Stark COMBINATION Spray is so concentrated it takes very little to make enough liquid spray to do the job. 1/2-lb. package makes 37 gallons of liquid spray. It costs only about 7¢ for enough material to spray a 5-year bearing Apple, Peach, Plum or other fruit Tree.

Starking Hardy Giant—Hardest Red Sweet Cherry.

Stark Gold—Hardest Yellow Sweet Cherry

Montmorency Stark—Best of all Montmorency Strains

CHERRIES—Newest, Hardest, Heaviest Bearing Champions

STARKING Hardy Giant New. (U. S. Patent) At last, a giant hardy red teammate for Stark Gold. Trees bear immense clusters of huge, gorgeous dark cherries. Flavor is so full and rich, flesh so firm and crisp, you can't get enough of this superb eating. Ripe about 2 weeks after Strawberries. Bore big crops even where Sweet Cherries never bore before. Grand for Eating, Cooking, Freezing, Canning, Market, NCS.

BURBANK'S BLACK GIANT, Trade-Mark. New. Sugary Sweet and Delicious. One of the finest all round Sweet Cherries ever created. Burbank's own description makes you want to bite right into its tempting deliciousness. "Firm, deep blackish crimson—sugary sweet and delicious. Bore even after 26 below." Fine for Eating, Cooking, Canning, Market, NCS.

BURBANK HONEY-HEART (Trade-Mark) New. A Big Sweet Cherry—often an inch in diameter. Golden-yellow, almost completely overpread with bright-red when fully ripe. Crisp, juicy-laden, delicious flesh. Very Early One of Burbank's youngest, heaviest producing Sweet Cherries. NCS.

STARK LAMBERT—Extra Hardy Strain. A beautiful big black Sweet Cherry—one of the largest, glossiest and handsomest of all dark-colored Sweeties, and Stark Strain is one of the Hardest. Flesh is purplish-red, crisp and delicious. Firm meaty and juicy with a sweet rich flavor that wins friends at first taste. Fruit sets in great loose clusters—often a dozen or more cherries to a single fruit spur. For delicious Eating, Desserts, Freezing, Canning, and Markets. NCS.

Stark GOLD Trade-Mark. Superb Quality. Super Hardy. Hardest yellow Sweet Cherry ever developed! Sure bearer. Like nuggets of glowing gold, with a luscious, spicy flavor that melts in the mouth and honey-clear beauty that "sings out" on the table! An ideal Teammate for Starking Hardy Giant. Ripe about a week after Montmorency. A top favorite for Eating, Cooking, Canning, Freezing, Market, NCS.

BLACK TARTARIAN IMPROVED. Hardy, Sweet, (Dessert Strain). Favorite dooryard and roadside market Sweet Cherry. Not as large as some giant Sweeties, but its purple-red, rich-flavored, flesh—firm and crisp yet juicy—plus its heart shape and glossy rich color—delight the eyes and palate! Among the earliest to ripen. Good for shipping and canning, one of best for Eating Fresh Desserts. NCS.

RAINBOW STRIPE—Sweet Yellow Lambert—Trade-Mark. Unique Bud-Sport of Stark Lambert. A huge, beautiful creamy yellow Sweet Cherry with a narrow ruby-red stripe from stem to tip. Fruit has all the delicious, firm, meaty, rich, sweet flesh that makes Stark Lambert so popular. Tree Hardy, big crops. NCS.

NAPOLION (Royal Ann) — Stark Hardy Strain. Extra large Sweet Cherry. Golden Yellow, overpread with coral-red. Beautiful! Flavor rich and sweet. Flesh firm, juicy, crisp. Keeps well. Ships beautifully. Trees bear young and bear big crops. NCS.

MONTEARLY CHERRY, Trade-Mark. Montearly will give you Cherries for pies, cobbles, tarts, canning and freezing earlier than any other cherry. Ready for home and market 2 weeks before Montmorency. Color is deep, rich wine with glorious deep-red juice. Sweet and meaty. Good shipper. Bore at 1 year. "My 1-year Montearly and Stark Gold bore fruit at 1 year." Fred Tim, Minn. NCS.

SUDA HARDY is the Late Dark-Red Morello Type Cherry to give you wine-red pices, cobbles and sauce late in the season. Tree is Hardy and produces big crops. Ripe about 10 days after Montmorency Stark. Fine for Cooking, Canning, Market, NCS.

WINDSOR — Stark Record-Bearing Strain. Dark red-sweet cherry. Extra hardy. Ships well, sells well on all markets. NCS.

MONTMORENCY STARK Trade-Mark. Extra Large Red Pie Cherry. For over 20 years, many have called Montmorency Stark the World's Best Pie and Canning Cherry. When fully ripe it's sweet—a favorite with the children. Extra large, brilliant red! A strong grower, Hardy, and a sure and young bearer. Top favorite for Eating, Cooking, Canning, Freezing, Market, NCS.

PLANT STARK TREES—And You Plant the Best!

Only from Stark Trees Do You Get These Extra Benefits

STARK TREES OFTEN PAY FOR THEMSELVES WITH FIRST CROP

\$21.45 Worth of Apples on 3-Year Stark Golden Delicious Tree

"3 years ago we ordered three 'Gold-Mine' Orchards from you and we are now in position to mail out Christmas boxes with a dozen Stark Golden Delicious in a box."

"We have apples that are 4 inches across them now. One tree has 146 apples on it and has been planted here 3 years and it was a hard winter and spring here on them."—Mrs. Lynn McDonald, Barry County, Michigan.

\$24.00 Worth of Cherries from 5-Year Stark Gold Tree

(excerpt from Moberly, Mo. paper)

"John L. Widner delivered 33 pounds of Stark Gold Sweet Cherries in Moberly, which sold at 40 cents a pound. This 33-pound delivery was part of the crop from one tree, as the family used about half of the crop at home. Widner estimates the yield from this one tree to have been about 60 pounds. It is a 5-year tree and has borne a good crop the past two seasons."

"This Stark Gold Cherry is hardy, a regular and heavy bearer and is one cherry the birds let me pick—some call it the 'bird-proof cherry.' Mr. Widner said."

\$4.00 a Bushel for Peaches from 3-Year Stark Trees

"My Hal-Berta, J. H. Hale and Red Bird Cling Peach trees I bought from you 3 years ago had the finest peaches on them I ever saw. They weighed 14 ounces. I sold them for \$4.00 a bushel and got 5¢ apiece for selected ones. I gathered as much as 1½ bushels per tree. I can recommend Stark trees as the finest, fastest growing trees I ever saw."—John W. West, Cherokee County, Ala.

\$4,850.00 Crop of Burbank July Elberta Peach

W. A. May of LaMar County, Texas sold his 1948 crop of Burbank July Elberta Peaches from his young 10-acre orchard for \$4,850.00—\$485.00 per acre. Mr. May recently wrote us:

"My orchard is set out on 25 foot centers giving me about 69 trees to the acre. I have only Burbank July Elberta Peach Trees in my orchard and I must say that Stark Trees are second to none."

STARK ORCHARDS AND ORNAMENTALS INCREASE PROPERTY VALUES

Stark Trees Added \$1,200.00 to Selling Price of Lot

"I have five half-acre lots eleven miles from Chicago," writes Mr. O. R. Moore.

"My friend, Mr. Brown, who is Vice-President of one of the largest real estate firms in the city, was offered \$1,200.00 MORE for one of his half-acre lots simply because his fruit trees, planted every 30 feet, were loaded with all kinds of fruit—and these were 4-year-old trees."

Stark World's Champion Fruit Trees would add \$6,000.00 to the value of Mr. Moore's five lots on this same basis, and one crop of high quality fruit often pays the entire cost of the trees.

"Stark Trees Too Low Priced," C. M. Mathis, Ky.

"We planted the trees you sent us. We were very much delighted in your choice trees. The only criticism we have is you sell your trees too cheap, when you consider the high grade of trees you place on the market."

STARK FRUIT TREES KEEP THE WHOLE FAMILY HEALTHY AND HAPPY

From Home-Grown Fruit You Get—

VITAMIN "A" . . . This vitamin helps the eyes, wards off colds and other infections as well as promotes growth. When Vitamin "A" is left out of the diet, eye trouble, such as night blindness and infection of the eyes, has resulted.

VITAMIN "B" . . . With Vitamin "B" from fruits a healthy nerve system is maintained. Lack of Vitamin "B" causes neuritis.

VITAMIN "C" . . . Vital to the maintenance of sound bones and teeth. This vitamin has long been a cure for scurvy, but is still more important in overcoming body poisons.

VITAMIN "G" . . . This is the appetite vitamin. It promotes digestion and growth which makes for healthier people.

MINERALS . . . Essential minerals are available in fruits including Calcium, Phosphorus and Iron. These are all important elements of the body for complete health. They play a vital part in bone building and making red blood as well as keeping a balanced condition in stomach and other internal tissues.

"I Make 4 or 5 Times As Much Money From Stark Golden Delicious"

"My 2200 Stark Golden Delicious Bore 10,851 Bushels when 7 years old. 5 consecutive crops from these trees totaled 54,851 bushels."—A. O. Eckert, Ill.

"If You Want to Make a Lot of Money, Plant High-Quality Fruit Trees," says A. O. Eckert

"The money-making possibilities of Stark Golden Delicious are without comparison," continued Mr. Eckert, "and we have found during the last 40 years that there is MORE MONEY in growing high-quality, tree-ripened fruit than in any other farm crop."

"My Stark Golden Delicious started to bear young—a few apples at 3 or 4 years old—and by the time they were 6 or 7-year-old were in heavy production. We harvested from these 2200 7 years old Stark Golden Delicious—five (5) consecutive crops totaling 54,051 bushels."

"I used to raise about 1,000 hogs a year and sold country cured hams, but I gave that up and now devote all of my time to growing fruit. I find that if you want to make a good living and a little money, you raise hogs. If you want to make a good living and a lot of money, you grow tree-ripened 'quality' fruit—and plant only 'quality' trees from Stark Record-Bearing parents."

Extra Profits from

Stark Patented and Trade-Marked Varieties

An official nation-wide survey on Apple varieties made by the American Pomological Society recently revealed that Stark Patented and Trade-Marked Varieties are top favorites from Coast to Coast. Starking Delicious and Stark Golden Delicious were first, with Jonared, Scarlet Staymared, etc. next in order of preference. This preference adds millions of dollars every year to the profits of growers because the public eagerly pays Premium Prices for this Larger, More Deliciously FLAVORED, More Beautifully COLORED Fruit. And just think!—You can now grow YOUR OWN STARK FRUIT right in your own back yard when you buy Genuine Stark Trees.

What Stark "Record-Bearing" Strains Mean to You

Each variety of Fruit Tree we now offer is propagated from the best Parent Tree possible to locate. These Parent Trees are scientifically selected after years of careful research, testing and record-keeping of tree and fruit characteristics.

Every farmer knows that he gets bigger crops from Hybrid Seed Corn and gets finer livestock from thoroughbred parents. He knows that Stark Trees, propagated direct-in-line from our "Record-Bearing Strain" Parents, assure finer fruits, bigger crops and quicker profits.

Every New Stark Variety Is Pre-Tested for You

Before a New Fruit or Plant is offered to Stark Customers, it must stand this test: It must prove itself to be an IMPROVEMENT over any similar variety in the famous Stark-Burbank Test Orchards, where virtually ALL Leading Varieties are growing for comparison.

After it has successfully stood this test, it is sent to Experiment Stations and leading growers for further testing in different types of soil and under different climatic conditions before Stark Bro's introduce it. This is further assurance that Stark Trees and Plants will succeed for you, no matter where you live.

Only nursery doing this as far as we know. SELECTED BY OUR EXPERTS. Free Transportation Nursery Stock will be selected by Stark Experts to thrive in your locality.

How to Select Varieties

HARDINESS—After descriptions in catalog, key letters—NCS—show region where the variety grows successfully—NN means Far North; N, North; C, Central; S, South; hence NCS means it grows well North, Central, South.

POLLINATION—There are probably enough Fruit Trees growing near you to pollinate those you plant. To make sure of cross-pollination select different varieties. It is best to plant at least 2 Apple varieties, 2 or more Pear, Plum, Sweet Cherry and Peach.

\$5.00 MINIMUM ORDER. Stark Bro's lose money on orders totaling less than \$5.00. In the event order totals less than \$5.00, please add 50¢ to the total to help cover cost of handling. This applies to Stark Nursery Stock only—not to Stark Tre-Pep, Orchard Fertilizer, Spray Materials, Strawberries.

Trees of KNOWN PARENTAGE—"Record-Bearing" Strains—Yield Bigger, Better Fruit SOONER—Every Stark Tree Is GUARANTEED By the World's Largest Nurseries

When you buy your Fruit Trees from Stark Bro's—you get every benefit and advantage of more than 136 years of leadership in the Fruit and Plant World. Stark Bro's have developed and introduced more valuable, successful, famous New Fruit strains than all other nurseries combined.

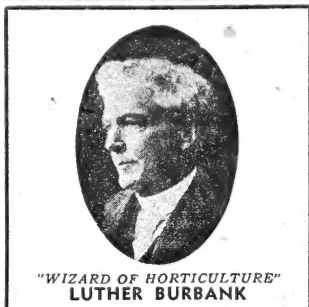

Stark Trees and Plants pass 5 inspections. Official State Inspectors regularly check and certify all Stark Nursery Trees and Plants. Before shipment they must be again inspected and approved by our superintendent. Five times these trees must pass inspection at the hands of experts who have definite instructions to throw out every tree that does not measure up to the high standards we have set. This is your assurance that every Stark Tree and Plant is as near perfect as a tree or plant can be.

- 3. GUARANTEED** that, if any Stark Tree or Plant that is given reasonable care does not grow the first Summer, we will share the loss with you by replacing it at 1/2 your cost, provided you notify us before September 1st following planting. *See "True to Name" on Order Blank.

Introduced More Fruits than ALL Others

Hon. E. P. Powell, famous Horticultural author, wrote—"There are two kinds of men dealing with Fruit Evolution. One of these is the Burbank sort, applying science to the

development of new sorts. If Burbanks are wizards, Stark Bro's are the Saviors." Stark Bro's have unquestionably introduced more Valuable, Successful, Famous New Fruits than all other nurseries combined.

Sole Heirs to Luther Burbank's Amazing New Fruit-Miracles

When Luther Burbank, the Master Plant Breeder, realized that the end of his remarkable work was near, he named Stark Bro's exclusively to continue his world-famous experiments. And Stark Bro's alone were selected by the Wizard of Horticulture to introduce his new discoveries and creations to fruit and plant growers everywhere.

Men of little faith scoffed at Luther Burbank when, in 1893, he printed his first little catalog of "New Creations" in Plant and Fruit Life—including new fruits, larger and more beautiful and far more delicious than had ever before been known. But a small handful of kindred Pioneers possessed the faith and foresight to recognize the genius of this Maker of Miracles. Outstanding among these Pioneers were the nationally known Nurserymen, Orchardists and Horticulturists, the Stark Brothers.

Helped By Stark Bro's From The Start

The Fourth Generation of Stark Nurserymen in Missouri had not only the birthright and background to give them faith in Luther Burbank, they also were able to back up this faith with financial support at the very time when Burbank's future and the future of his history-making fruit and plant creations hung on that support.

The Stark Brothers bought from Luther Burbank the sole rights to the FIRST TREES of "New Creations" the Wizard of Horticulture ever sold. For these exclusive rights Stark Bro's paid the Master Plant Breeder what at that time was the fabulous sum of \$9,000.00.

As a consequence of this vision and financial support and because, in all the world, the Stark Family was the one best equipped by tradition and experience to carry on this miraculous work, Stark Bro's Nurseries—now Stark Bro's alone—were chosen by Luther Burbank to spread his great work throughout the world.

Today, over 100 years after the birth of Luther Burbank, Stark Bro's are proud to share with you the greatest achievements of "The Green-Thumbed Pioneer" whose great intellect, boundless imagination and patient hands gave the world the most remarkable new kinds of Plums, Plumcots, Peaches, Cherries, Quinces and other fruits ever developed for the greater happiness and health of mankind.

Dreams Come True With

Stark Hardy Dwarf Apple Trees Are Grown by New S. Patent Process. Trees are Sold ONLY by Stark Bro's.

Giant-Size Fruit QUICKER from Trees No Bigger than a Dining Table. You Can Plant 5 Times as Many Stark Hardy Dwarfs as Standard-Size Trees in Same Space. Trees Sold ONLY by Stark Bro's.

Dreams of millions of town and city families are now coming true when they plant Stark Hardy Dwarf Apple and Pear Trees.

They are picking Giant-Size, Deliciously Flavored, Vitamin-Filled Apples and Pears from their own trees — even if their yards are tiny ones that go with 30 or 50 ft. city lots.

Trees are so small, you don't even need a ladder to pick the fruit and care for trees. Yet strong and sturdy enough to give you bushels of Big, Juicy Apples or Luscious Pears all Summer, Fall and for Winter use if you plant several Dwarf Trees ripening in succession.

It's amazing, yet Apples and Pears grown on Stark Hardy Dwarfs are Giant-Size—as Large or Larger than the same variety grown on Standard-Size Trees.

Apples and Pears are just as deliciously flavored as they are when grown on Standard-size trees—just as beautifully colored and as fine in every way.

"Stark Hardy Dwarfs in my father's back yard are surely amazing," says Harry Cuengerich. "When only 2 years old, they had a nice crop. This year (3rd year) they are simply loaded."

These Amazing Stark Hardy Dwarfs are so small they will fit in a dozen places around the yard — One on either side of the doorway — Wherever you need a Tall-Growing Shrub — At corner of house — In Patio — In Shrub or Flower Border — Trained on Wall, house or garage, etc.—As a "Vest Pocket Orchard" set 8 to 10 feet apart.

NEW LUTHER BURBANK ROSE TREES

Bear Spectacular Blossoms and
Delicious Peaches. U. S. Patent.
Trees Sold ONLY by Stark Bro's.

In early Spring Burbank's Double Rose-Flowering Peach Trees create a sensation with their spectacular masses of colorful bloom. One of our customers in Chicago told us they stop traffic on his street when they are in bloom. They also bear delicious freestone peaches. Start to bloom and bear when only 2 years old and will thrive in any climate where peach trees grow.

Both "Santa Rosa" (Red) and "Orchid" (Pink) are prized for planting in Shrub Borders, along Driveways, as Specimen Lawn Trees and for Mass plantings. Semi-Dwarf.

"You Did Not Do Justice to Santa Rosa Double-Flowering Peach in Your Catalog," wrote Mrs. M. E. Pluck of Ohio. "You merely say it is edible. It is the best flavored peach, produces more fruit and outdoes every tree I have."

Planted for Beauty of Bloom Alone — Also Got Fruit. "I planted both Santa Rosa (Red) and Orchid (Pink) Double-Flowering Peach Trees for the beauty of their rose-like blossoms. Now they are bearing peaches which are so honey-sweet and delicious they are prized by my family for eating and also for canning." J. W. Minihan, Mo.

Here Are a Few of the Reasons Why 75% of Stark Bro's Business Every Year
Comes from Customers Who Know Stark Tree Quality from Personal Experience

Nursery Stock is Wonderful — "I praise it too highly. Cherry Trees at from you last Spring are just ready to bloom. They were the best trees I ever saw. I ordered trees from another nursery, but they all winter-killed. Your Cherry, Apple and Peach Trees are just wonderful. Trees from both nurseries were planted in my orchard and given equal care." — H. G. Bunston, Mont.

Much More for My Money than I Expected. "I wish I could tell you in how very pleased I am with everything. I was amazed at the wonderful root systems and generous size of your trees. So you see, Mr. Stark, I think I got MORE, much MORE for my money than I ever expected. No other nursery is the LARGEST NURSERY IN THE WORLD." — Mrs. Mary Petrik, Idaho.

Stark Dwarf Tree Bore Second Season. "I have 4 Stark Dwarf Apple Trees bought of you a little over 2 years ago. They have had apples on them two seasons. One tree had 52 large apples this year. I take very much pride in them." — H. Q. Jones, Miss.

Began Picking Fruit 1 Year After Planting. "About 18 months ago I bought a house and several lots in Oklahoma City. Planted 12 Stark Fruit Trees and some Stark Shrubbery.

"When my trees were only 1 year old I began picking Peaches, Plums, Cherries, and Pears from them. I gathered ½ bushel of Grapes from 3 vines—1 year old.

"I have never seen trees grow as fast and bear as young. I am enclosing a snapshot showing one of my peach trees. I feel that Stark Bro's trees and

shrubbery enabled me to sell my place. People were quick to see the advantage of using Fruit Trees to provide shade, beauty and fruit. I am planting trees and shrubbery around our new home as I am convinced there is no better way to add beauty and increase the value of property." — L. E. Sooter, Okla.

Thank You for Such Fine, Large Trees. "They were the finest I have ever seen anywhere. I have bought from several other reliable nurseries, but their trees look sick compared to yours." — Edwards H. Blanks, Va.

Amazed at Size of Trees and Shrubs. "Our Fruit Trees and Shrubs have all arrived and been set out. It has already made a difference in the permanent look of our home. We were amazed at size of trees and shrubs and excellent condition of roots." — Fernetta Lusher, Ind.
